

Ice Cream Cake

This 5 ingredient recipe for an ice cream cake is easy and delicious! Everyone raves about it when I make it. Takes about 8 minutes to prepare.

Ingredients:

12 or 24 ice cream sandwiches. This time I used 24. 12 Vanilla Ice Cream and 12 Chocolate Ice Cream. Usually I use all Vanilla.

1 large container of Cool Whip

Chocolate Syrup

Maraschino Cherries

1/2 cup Chopped Nuts

Instructions:

Place single layer of Ice Cream Sandwiches in Cake Pan.

Add a layer of cook whip and drizzle with chocolate syrup

You can skip the next step if you only want a single layer. I like 2 layers for a thicker cake.

Add second layer of Ice Cream Sandwiches.

Add Cool Whip and spread over sandwiches.

Drizzle with chocolate syrup.

Add Maraschino Cherries and Sprinkle Chopped Nuts on the top. You can add any of your favorite toppings, but I usually just use the Cherries and Nuts.

Freeze at least 8 hours before serving. Remove from freezer 10 minutes before you wish to serve.

Serves 16- 20.
